Perpetuuiti™
Resilience Redefined...

Intelligently Automate Data Clearance Processes with Data Clearance iBoT from Perpetuuiti's Plug-and-Play iBoT Store

Higher Efficiency. Minimal Errors.
Faster Action. Better Decision-Making.

What does the Data Clearance iBoT do?

Data Clearance iBoT pulls raw information from ERP systems, cleans up and reconciles various accounts, organises data by legal entity, analyses account changes and flags significant account differences for further follow-up and review. The Data Clearance iBoT is of immense help and value for Finance, Accounts, Sales and other departments. This iBoT can help in fast, efficient and soft month-end closings, sales closing, account reconciliations and so on.

How is Perpetuuiti's Data Clearance iBoT Unique in the Market?

Manual tasks and information silos that slow responsiveness won't cut it with today's consumers, who expect a fast and seamless customer experience. By smartly automating manual tasks at a fraction of the human equivalent, Data Clearance iBoT can deliver an immediate cost saving of 60-80% and free up your knowledge workers for more value-added tasks.

- AI-powered Automation Solution
- Scalable and Efficient Automation Solution
- Reusable Solution to Cater to Most of the Users
- Unparalleled Security with End-to-End Encryption
- Easy Integration with Existing Systems to Get Going in Days
- Ease of Use & Configuration Without Technical Support

Top Use Cases to Automate with the Data Clearance iBoT

- Automation of SAP Login (or other ERP systems) & Data Clearance
- Organizing Data by Legal Entities
- Analyses of Account Changes & Flagging Significant Account Anomalies
- Helps in Financial & Sales Closing
- Reconciliation of Various Accounts
- Updating & Reporting the Final Status

Multi-fold Benefits Delivered to Your Organization with Perpetuuiti's Data Clearance iBoT

Enhanced Service Levels
Increase staff productivity, service levels and capacity by 35-50%.

Cost-Effective
Create an immediate 60-80% cost savings by automating tasks at a fraction of the human equivalent.

Increased Efficiency
Slash processing times by up to 90% (30-50% for an average process) with minimal human intervention.

Ease of Use
Does not require an IT Subject Matter Expert to operate.

Exception Management
Data Clearance iBoT enables 100% exception management and eradicates operational errors.

Non-intrusive
Does not change the underlying logic or business rule – ensures data goes through the same rules for verification and consistency with the applications' business rules and logic

Setup Process
